- Transforming graphical expositions
 - Potential uses and applications
 - Creating networks of digital objects on the RC
- (Casper/Luc)
- 19:30: Dinner

Tuesday 18.06:

10:00: Priorities for future perspectives the RC development:

Tackling the multiple functionality of the RC and the emergence of diverse publication models.

- Expressing (Ambiguous) Structure

What is an exposition? How do we want to express relationships of objects?

How do we want to navigate expositions?

What type of abstractions do we need? How to leave space for ambiguity?

(Luc)

- What kind of possibilities do we want to create for a community of researchers?"

(Gabriel Paiuk)

- Documenting Research

What tools do we need? What are current obstacles?

How can we facilitate documentation workflows?

Can the RC function as a research tool?

(Casper)

11:30: Coffee/Tea

11:45: Priorities for future perspectives the RC development:

General Discussion

(All)

12:30: Lunch

14:00: Consortium for RC Next Step Development

- Exposition Format Module Description

(Johan/Casper/Luc)

14:30: Workshop: Styling Text-based Expositions -

(Luc/Casper/All)

16:00: Summing Up (All)

16:15: Departures

07.06.19 – JAH/LD/CS
